

CAPABILITY STATEMENT

We're turning trustworthy designs into reliable results.

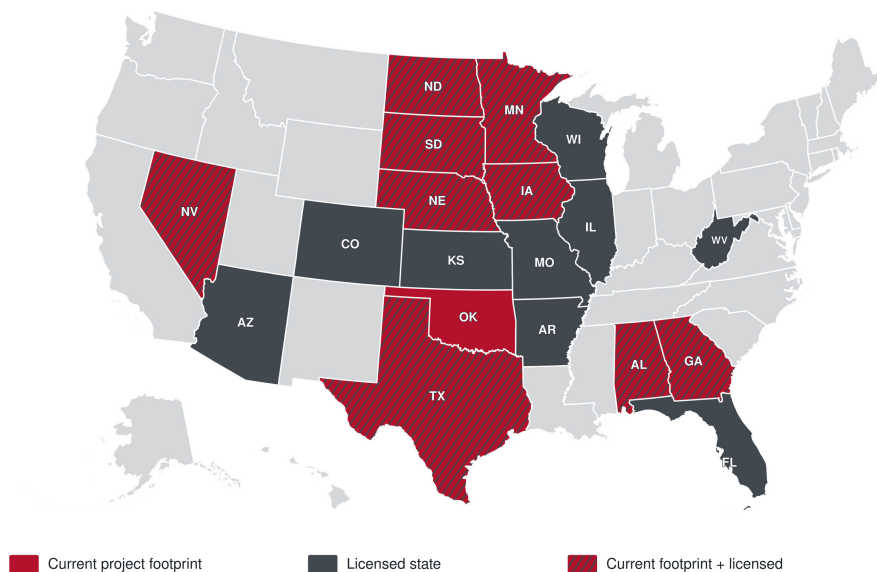

For more than 15 years, our family of companies has provided professional and construction services to clients throughout the United States. Over the past decade, we have strategically expanded our capabilities, geographic footprint, and project capacity, growing annual revenues to more than \$50 million.

Supported by a strong balance sheet, established financial partnerships, and significant surety capacity, we are well positioned to undertake and bond individual projects exceeding \$100 million.

85+ EMPLOYEES

BASED IN NORTH SIOUX CITY, SD

**LICENSED CONTRACTORS
ACROSS 10 STATES**

Professional engineering services are provided only in areas where Civil Engineers & Constructors, LLC and its professionals are licensed to practice.
